Boutique Hotel Ilio is one of the most enchanting hotels on the **Island of Elba**

Imagine a part of the soul where nature, relaxation, the sea and sunlight merge. A refuge immersed in parkland, ideal for those who want to get away from the city, who want to come to the sea or those who simply want to treat themselves to a special holiday.

Boutique Hotel Ilio on the **Island of Elba** is the place to come; this jewel of a hotel is set in the natural beauty of **Capo Sant'Andrea**; beaches of tormenting beauty, high cliffs polished by the waves, thousand upon thousand, the shades of green and the bright colours of the scented fluorescence. With mountains behind and the sea before you. Sports on land or on water to your heart's content! There is just one drawback, you might get too used to it!

WHERE

Boutique Hotel Ilio in **Capo Sant'Andrea** is in the **Tuscan Archipelago National Park**, on the north-western tip of the island and in the most beautiful and best conserved "isle within the isle", as the Elban people call this part of the island. Just a few yards from the hotel is the well-equipped beach, rocks and sea with its beautiful seabed. The ideal spot for snorkeling, diving and sea kayaking. The backdrop is formed by the mountains surrounding the bay of **Capo Sant'Andrea**, dominated by the brown granite of Masso Omo, much sought-after by trekkers, mountain-bikers, bird and bio-watchers and free-climbers.

BACKGROUND

Hotel Ilio was first established in this natural paradise in 1959 and was the first boutique hotel on the **Island of Elba**. It is one of the most beautiful and enchanting hotels in **Tuscany**. The concept of "boutique hotel" is still little known in Italy. The term was first used in the United States to indicate a style of hospitality; the complete opposite of mass tourism in large hotels. Boutique means a friendly welcome and custom service, tailor-made to suit the client. Individual style and appeal, **Hotel Ilio** is

synonymous with charm.

COMFORT BETWEEN MODERNITY AND TRADITION

Boutique Hotel Ilio, with its decades of tradition at the same time offers a new, fresh appearance, from the outside patio to the individual rooms scattered throughout the luxuriant garden, each area is designed to welcome and is furnished in simple, modern lines using materials and colours inspired by Elban tradition, and with a relaxing softness. Lounge areas, a new cellar, the new restaurant and bar, meeting room, library for exchanging books, car park and WIFI internet connections throughout the hotel. And then the garden, a true open air hall-way where the natural, Mediterranean vegetation weds with the inspiration of a refined design of space.. And art is again an important focus of the hotel, where national and international photographic exhibits, inspired by nature and the sea, are welcomed.

TAILOR-MADE HOSPITALITY

Lulled by the sound of the waves and the beauty of the location, at the **Hotel Ilio** you will receive the exquisite welcome and hospitality of the owner, Maurizio Testa. Beginning with the privacy and seclusion of the bedroom accommodation, located in the luxuriant garden and divided into ten types, each designed to meet taste and desire.
